

ROBERT HOESCH, MD, PhD, MHA

Dr. Robert Hoesch was born and raised in Baltimore, Maryland. Dr. Hoesch attended the University of Maryland, College Park where he received his bachelor's degree in cell and molecular biology and genetics. He then attended the University of Maryland, School of Medicine where he earned his MD and a PhD in Cellular Neurophysiology. Dr. Hoesch spent the next six years at the Johns Hopkins School of Medicine, serving an internship, residency in Neurology, clinical fellowship in Neurocritical Care, and a research fellowship in Translational Neuroscience studying motor learning in mice as a model of stroke recovery.

After training, Dr. Hoesch moved to the University of Utah where he held the positions of Assistant Professor of Neurology and Chief of the Neurocritical Care Division at the University of Utah School of Medicine.

In 2013, Dr. Hoesch joined Intermountain Medical Center as a neurointensivist and community-based neurologist. At Intermountain Medical Center, he has served as Medical Director of the Comprehensive Stroke Center, Chair of the Neurosciences Institute, and Hospital Medical Director. In 2014, Dr. Hoesch became Senior Medical Director of the system-wide Neurosciences Clinical Program to develop and lead programs in neurology, neurosurgery, and spine care across Intermountain Healthcare. In 2020, Dr. Hoesch accepted the role of Associate Chief Medical Officer, Specialty Based Care and then in 2022, Dr. Hoesch accepted the role of Chief Medical Officer for the Intermountain Canyons Region. Dr. Hoesch continues to practice clinically treating critically ill patients in the Neurocritical Care Unit.
